

Policy Statement

We Eveready, with world class manufacturing operations aim to grow through satisfying our customers and consumers. We supply the FMCG market with Eveready batteries, lighting, House of York house-hold products along with Energy solutions through Kestrel Wind turbines and related products.

Our drive for business excellence is reflected in the continual improvement of our performance objectives.

Our business framework, objectives and targets and risk management reflect this commitment to excellence and customer satisfaction.

Our drive for excellence reflects in

- Our commitment to the quality of our products
- The prevention of injury and ill health, safety and development of our people
- The conservation of the environment through the prevention of pollution, sustainable development and promotion of renewable energy sources

Continued compliance with legal and other regulatory requirements.
